# How to optimize Challenge Board

- Create a chatbot - !Challenge as an example
  - Let your viewers know how they can engage in the content creation on your stream
  - The CB team can provide examples if needed
- Pitch CB regularly
  - Let your viewers know that you are willing to be challenged
  - When new viewers come to your stream while you are mid-challenge, they will be wondering what you are doing; this is a great time to nudge CB on your stream
- Engage with your viewers on challenges. When a challenge is submitted, talk through the details of the challenge with your chat to suss out potential variations or additional criteria. You will be surprised how creative and engaged your chat will be.
